

Jeff St. Pierre

Jeff joined the staff of Code Enforcement in March of 1984 as the City's Electrical Inspector. Jeff holds a State of Maine Master Electrician's license. Prior to joining the City Jeff served in the United States Army in Vietnam and operated his own electrical contracting business in Eastern Maine.

Mark Marquis

Mark Marquis joined the City in 1995 as a Housing Inspector and was promoted to Building Inspector in July of 1996. Mark is certified by the State of Maine as a Code Enforcement Officer and as a Building Inspector. Mark attended the University of Maine and before joining the City worked in construction project management for 20 years.

Jeremy Martin

Jeremy fills the position of Development Coordinator in the Code Division. In addition to his duties in coordination of development, Jeremy also serves as liaison to the Historic Preservation Commission and technical advisor to the Board of Appeals. Jeremy graduated from the West Virginia University.

George Craig

George joined the Code Enforcement Office in 1999 as Housing Inspector. A Brewer native and graduate of Brewer High School, George attained an Associates Degree from Northern Maine Technical College. George is working on his State Code Enforcement Officer's Certification.

Brenda Bilotta

Brenda joined Code Enforcement in January 2001. As the City's Environmental Health Technician her duties cover a wide range of duties which include vector control, solid waste issues, some aspects of housing and responsibility for the inspection of 180 establishments licensed to serve food to the public in Bangor and approximately 40 public lodging accommodations. Brenda is a graduate of John Bapst and received her Bachelor of Science Degree from the University of Maine in May, 2000.

Dan Wellington

Dan Wellington, Code Enforcement Officer, has been with the City of Bangor since 1978 in a number of positions and became the Code Enforcement Officer in 1994. Dan received his Bachelor of Science and Master Degrees at the University of Maine. Certified nationally as a Registered Environmental Health Specialist, he is certified by the State of Maine at the Advanced Certification Level in the following Code Enforcement areas: Building Standards, Shoreland Zoning, Land Use, Court Procedures, Internal Plumbing and Subsurface Wastewater.
